

BEYONDLY

Recycling Labels

General Recycling Labels

European Ecolabel

Europe-wide award given to non-food products which minimise impact on the environment.

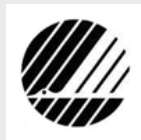

Green Dot

The Green Dot symbol indicates that a contribution has been made to an authorised packaging recovery scheme. This is used in EU countries, but not in the UK. Permission to use the trademark is obtainable under license for export purposes.

Mobius

Indicates that a product, or part of a product, is recyclable.

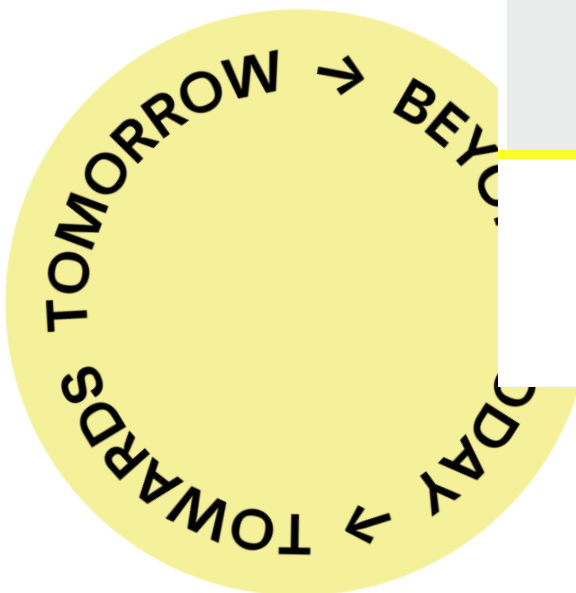

Nordic Swan

This symbol is used on products that have had their manufacturing process assessed for impact on the environment. This label is concerned with impact to the environment during manufacture rather than the recycled content and the selection of raw materials.

Tidyman

Do not litter - dispose of with care

Recycling Labels

Plastic Recycling Labels

Polyethylene terephthalate

Example: fizzy drinks bottles and oven-ready meal trays

High-density polyethylene

Example: milk bottles and washing-up liquids

Polyvinyl Chloride

Example: Cling film, food trays, shampoo bottles and bottles for water

Low-density polyethylene

Example: Carrier bags and bin liners

Polypropylene

Example: Margarine tubs and microwaveable meal trays

Polystyrene

Example: Egg cartons, foam meat trays, hamburger boxes, protective packaging for electronic goods, toys, vending cups and yoghurt pots

Plastics not in the above categories

Example: Melamine, which is often used in plastic cups and plate

Metal Recycling Labels

Aluminium

Shows that the packaging is made from recyclable aluminium.
Example: Food and drink can

Steel

This symbol indicates that the packaging is made from recyclable steel. However, please note that not all products that contain recyclable steel will carry this logo. For example, cookers and fridges have recyclable parts but may not have this logo.

Recycling Labels

Glass Recycling Symbols

Put in bottle bank

Applicable to all recyclable glass
Example: Jam jars and wine bottles

Paper Recycling Symbols

National Association of Paper Merchants

This mark is awarded to all paper or board that is made from a minimum of 75% genuine paper and board waste, no part of which should contain mill produced waste fibre

ESY system

This is a German system for reclaiming and recycling used paper and corrugated board containers. The symbol denotes that the packaging will be recycled and re-used.

Wood Recycling Symbols

Forest Stewardship Council (FSC)

This is the trademark of the Forest Stewardship Council. Products carrying this symbol are made of wood from forests managed according to strict environmental, social and economic standards.

Programme for Endorsement of Forest Certification

Assurance that the product comes from certified forests managed according to the pan-European criteria as defined by the resolutions of the Helsinki and Lisbon Ministerial Conferences of 1993 and 1998 on the Protection of Forests in Europe
